Ishika Joshi

Computer Science Student | Data Science & Machine Learning

Bareilly , UTTARPRADESH joshiishika912@gmail.com +91-8433481214 LinkedIn GitHub

SUMMARY

Final-year Computer Science engineering student specializing in Data Science and Machine Learning. Experienced in building end-to-end ML pipelines and AI applications using Python, Scikit-learn, XGBoost, and Streamlit, with hands-on exposure to NLP, Retrieval-Augmented Generation (RAG), and computer vision. Skilled in EDA, feature engineering, model evaluation, and deploying models as interactive web applications.

EDUCATION

BTech in Computer Science 08/2023 – Present | Bareilly Uttar Pradesh
Shri Ram Murti Smarak College of Engineering and Technology
CGPA : 8.5/10

Higher Secondary 04/2022 – 03/2023 | Bareilly, Uttar Pradesh
ST. Francis Convent School
Grade: 90.8

Matriculation 04/2020 – 03/2021 | Bareilly, Uttar Pradesh
ST. Francis Convent School
Grade : 95.2

INTERNSHIP EXPERIENCE

Summer Intern – Python with Machine Learning & Data Science 06/2026 – 07/2026
SoftPro India Computer Technologies Pvt. Ltd
- Completed a 45-day hands-on internship applying Python, machine learning, and data science concepts to real-world problems.
- Built and evaluated ML models using Scikit-learn, Pandas, and NumPy — covering data preprocessing, EDA, and model evaluation techniques.

SKILLS

Languages & Tools
Python | Java | Git & GitHub | Jupyter Notebook | VS Code | Streamlit | MySQL

ML Libraries & Frameworks
Scikit-learn | XGBoost | Pandas | NumPy | Matplotlib | Seaborn | PyTorch | LangChain | Sentence-Transformers

Machine Learning & AI
Supervised Learning | Classification | Feature Engineering & Data Preprocessing | Model Evaluation (Accuracy, Precision, Recall, F1-score) | EDA | NLP | Retrieval-Augmented Generation (RAG) | Text Embeddings & Semantic Search | GenAI

CERTIFICATIONS

Bug Bounty Debugging competition | Techvyom 2025 , SRMSCET BAREILLY
Secured 2nd prize

NPTEL-Programming in java
Course Topper with 96% score

PROJECTS

AttendXpert – AI-Powered Attendance System
Python | Streamlit | Supabase | OpenCV | Face Recognition | Dlib | Scikit-learn | Resemblyzer | Librosa | Flask
- Built an AI-driven attendance platform using face and voice recognition to automate classroom attendance with biometric verification.
- Developed role-based student/teacher dashboards,QR-based enrollment, real-time attendance analytics, and centralized attendance management using Supabase.

SkillBridgeAI: ATS Resume Analysis & Job Matching Platform
Python | FastAPI | Streamlit | spaCy | Sentence-Transformers | Groq LLM | Supabase
- Built an AI resume analyzer that parses resumes with Groq LLM and spaCy, validates skills, and computes job-specific and generic ATS scores using semantic embeddings and fuzzy matching.
- Developed a FastAPI backend with Supabase JWT auth and a Streamlit frontend, with saved analysis history to track resume improvement.
- Generated actionable feedback and downloadable PDF reports with scores and skill gaps.

DocuMind AI — RAG-Based Research Intelligence System
Python | LangChain | ChromaDB | Groq LLM | Streamlit
- Developed an end-to-end RAG pipeline using LangChain, Sentence Transformers, and ChromaDB for semantic search across research papers.
- Integrated Groq LLM with retrieved document context to generate context-aware responses with source citations.
- Built a modular PDF ingestion, text chunking, embedding, and retrieval pipeline with an interactive Streamlit interface.

LEADERSHIP EXPERIENCE

Chairperson – Equinox Club (Technical Club, Computer Science Department) 12/2025 – Present
- Coordinated and Organized 20+ technical events, including 3 flagship activities at Techvyom (college's tech fest) with 50-60 participants each, plus weekly sessions averaging 40-50 attendees
- Leading the CS technical club, driving student engagement in coding, problem-solving, and peer-to-peer learning
